### **Bio:**

Trevor Loudon is an author, filmmaker and public speaker from Christchurch, New Zealand, now living in the US. For more than 30 years, he has researched radical left, Marxist and terrorist movements and their covert influence on mainstream politics.

Trevor Loudon's thesis is that what is commonly regarded as mainstream political policy is in fact driven and guided by hidden subversive elements. The Democratic Party's consistent defunding of the US military, support of open borders, sexualization of children, the climate change agenda, pipeline shutdowns and many other anti-American policies are all consistent with communist goals.

Trevor Loudon believes that these forces must be exposed and countered, as America's continued role as a bastion of freedom is pivotal for the future of Western Civilization.

### **Speaking Topics:**

- **Standard Speech:** Provide a brief history of how a New Zealander came to be in America speaking to patriot organizations. Delve into the societal impact of subversive organizations, and importantly how these Marxist groups have weaseled their way into mainstream politics, particularly within the Democratic Party. Finish with a powerful discussion about how Americans can take their country back from this militant left element. This speech takes approximately 45 minutes without questions.

- **Tailored Speech:** Can provide information tailored to infiltration of a state, city, etc. Can focus more on specific issues, e.g. how the Marxist infiltration has affected the culture, education, and particularly the churches.

### Speaking Engagements:

- Trevor Loudon has addressed approximately a thousand patriotic, religious, and Republican Party groups in nearly every state in the continental US. Loudon has featured as the keynote speaker at many Lincoln Day / Lincoln-Reagan dinners, fundraising events, audiences as large as CPAC to small gatherings held in private homes. More on Trevor Loudon's accomplishments can be found on his [website](#).
